Canyon Supply Sale Draws Big Crowds

The sale of the Canyon Supply Company which began yesterday morning is bringing satisfying results, according to E. C. Schutte, who is managing the sale. Mr. Schutte has conducted a number of successful sales within this territory of the Panhandle.

The Canyon Supply Company plans to do extensive remodeling and repairing and are therefore holding the sale to reduce their stock of merchandise, according to O. N. Gamble, manager of the store.

A very large crowd was awaiting the opening of the doors on Wednesday morning, the opening day of the sale.

DENTON EXPERIMENT MAN VISITS RANDALL COUNTY

Paul Dunkel, superintendent of the station located at Denton, Texas was here Tuesday checking over the several wheat variety tests which have been conducted in Randall county this year under the direction of W. H. Upchurch, county agent.

Mr. Dunkel will be here again Friday to complete the checks on all the experiments in this county.

Miss Willie Frank Jones returned to Canyon Monday after spending the week end with home folks in White Deer.

Hill Presents Claims of W. T. to Board of Control in Austin

President J. A. Hill has returned from Austin where he appeared before the Board of Control in presenting the budget for the West Texas State Teachers College for the coming two years. The budget must be taken next before the new State Board of Education, and will then be printed ready for the meeting of the 42nd legislature when it convenes in Austin in January.

Mr. Hill stated that no indication was received from members of the Board as to the likely recommendations which will be made as to the support of the various institutions for the coming two years. The need of the summer schools was especially stressed by the teachers colleges, owing to the large attendance, and the very small appropriations which have been recommended in the past by the Board of Control.

Small Rifle Shots Kill Durham Bull

J. P. Ingram who lives just south of town states that someone shot and killed a registered Shorthorn Durham bull belonging to him. Sunday. The bull was valued at \$150 and was of fine blood. He was killed by shots from a .22 rifle.

Mr. Ingram states that his land is already posted, but boys from town go out there and disregard the signs. He has placed a notice in the News warning trespassers to keep off the land and promises to prosecute anyone caught out there.

Parents of boys who go hunting and fishing should take notice of the warning and see that their boys avoid any trouble in this nature. Other live stock and property has been injured and damaged heretofore and as a means of self defense, Mr. Ingram and Ernest Brown who live on the section just south of the town section have been forced to place notices on their property.

Alfred M. Smith is Candidate Office of Co. Commissioner

Alfred M. Smith filed his application Saturday as a candidate for the office of County Commissioner, precinct No. 1, subject to the Democratic primary on July 26. Mr. Smith has been chairman of the Democratic County Executive Committee for the past two years, and previous to that time was precinct chairman for several years. He has served on the board of equalization for the city of Canyon and for the Canyon Independent School District many times, and is thoroughly acquainted with values in the city and county, as well as with the general business of the county.

Mr. Smith made the following statement yesterday:

"In offering my name as a candidate for the office of Commissioner, precinct No. 1, I am conscious of the importance and responsibilities of the office sought. If elected it will be my purpose to work in harmony with the Commissioners and discuss with business men any proposition that may come up affecting the welfare of the county, and guarantee a full and fair hearing before any action is taken. I am not in position to say that taxes can ever be lowered and the county kept the progressive pace that it should; but I do say that with an equitable equalization of the entire county, the taxes of this precinct can be materially lessened by keeping property assessments on a fair level. I think property assessments all over the county should bear the same definite relation to the market value."

COMMISSIONERS BUY NEW BENCHES FOR THE LAWN

Four new iron benches recently purchased by the County Commissioners arrived Monday and will be assembled within the next few days.

One of the benches has already been placed on the east side of the court house. The remaining three will be placed in the hall ways on the first floor.

Shaw Shows Palo Duro Pictures on East Texas Trip

Travis Shaw returned Sunday from East Texas where he showed the motion pictures of the Palo Duro canyon which he and Ray Davis recently shot, and which created so much favorable comment at the meeting of the West Texas Chamber of Commerce held at Abilene.

Mr. Shaw states that Governor Moody, Pat M. Neff, railway commissioner, and many other notables made the trip on the motorcade to Caddo lake. The trip was for the purpose of creating interest in the state park system which it is hoped that the 42nd legislature will create next spring when it meets at Austin.

Mr. Shaw stated that great interest was shown in the pictures of the Palo Duro. He shot motion pictures of Caddo lake, which will soon be ready to show.

Mr. Shaw states that Governor Moody expressed great interest in the establishment of a park system in Texas, and stated that if a motorcade is formed to make a trip to the Palo Duro that he will join it.

New Cow Testing Association Oens Headquarters Here

The new Randall county Cow Testing association is now in its location on 5th Avenue and the work for the first month is well under way.

W. H. Dungen, tester for the association states that most of the testing of cows belonging to the members has been completed. The new equipment, which included a power tester and a hand tester has arrived and been installed.

The new association which was formed a few weeks ago is the largest of its kind in the state. J. W. Watson, one of the leading dairymen of the county is the president of the new association.

Mr. Dungen states that he is well pleased with the outlook for the new organization and the results to be accomplished will mean much to the dairying industry in this county.

Monthly meetings are planned for the body at which time authorities on dairying and dairy problems will be present and speak to the dairymen.

When he is not occupied with the testing of the cows in the association, Mr. Dungen plans to devote his time to the upbuilding of the dairy industry in this county. His office will be used as headquarters for the association.

Mrs. J. J. Crutchfield of White Deer was a guest of Mrs. Hugh Kirbie here Saturday.

Rains Cover Entire Panhandle—Wheat Harvest Under Way

Rain has fallen in every section of the Panhandle during the past week, varying considerably in amounts in the different localities. The rainfall amounted to .35 of an inch Sunday morning in Canyon, with another light rain of .20 of an inch Monday night.

Wheat harvest is getting under way over the Plains, and promises to be better than was expected a weeks or so ago. The wheat is yet too green to be profitably handled, and elevators are urging farmers not to start cutting until the grain is thoroughly matured.

Specialist Will Speak to Dairy Farmers Tonight

Plans are complete for the meeting to be held here tonight at which time Dr. J. L. McClain, Dairy Extension Specialist of the U. S. Department of Agriculture will speak. The meeting will be held in the District court room and is scheduled to begin at 8:30.

This is the first visit of Dr. McClain into the Panhandle of Texas although he has visited in other parts of the state once before. He will speak at Hereford and Canadian before leaving this section of the state.

P. C. Bennett of Amarillo has been in charge of directing the itinerary of the specialist in the Panhandle. He has been in West Texas since June 10, spending most of the time on the South Plains.

It is pointed out by county agents in the Panhandle that this first trip of Dr. McClain into this section of the country, brings a recognition to the Panhandle from the U. S. Department of Agriculture as a dairy country.

In company with County Agent W. H. Upchurch, Dr. McClain visited in several of the dairy herds of the county, today. Among them were several of the herds entered in the Master Dairy Farmer's contest.

A luncheon was held in Amarillo at noon today at which time Dr. McClain spoke to the county agents of the Panhandle. A meeting was held at 2:00 p. m. at the Joe Gray dairy farm near Amarillo for the benefit of the Potter County dairymen.

The meeting tonight is an open meeting being sponsored in this county by the Randall County Dairymen's Association and all business men of Canyon as well as the farmers and interested dairymen are invited to attend the meeting here.

Clarence Boehning has returned from Muskogee, Oklahoma, where he has been for three months in a hospital.

New Bus Line and Highway Sought South to Dimmitt

Vic Gilbert, state representative from Eastland county, Frank Roberson of Eastland and a delegation of Dimmitt business men were in the city Thursday gathering petitions to the motor-bus division of the state railway commission seeking to establish a new bus line from Canyon to Lamesa by the way of Dimmitt, Olton, Littlefield and intervening towns. Mr. Gilbert is one of the best informed members of the house of representatives of the state legislature, and is seeking to be of aid in the development of West Texas by the establishment of this new bus line.

It is pointed out that a fair road now exists all of the way, and should the bus line be established this route would soon be made a state highway.

The new proposed route is one which is not now served by bus or truck lines running north and south, although several of the towns are served by east and west lines.

Several letters and petitions by Canyon people were added to the large number from other towns owing to the fact that the need of a highway southwest from Canyon to Dimmitt has long been needed, and the proposal was recently made that the Chamber of Commerce in Canyon sponsor the plan to undertake its establishment.

Begin Drilling on Another City Well

Drilling on the latest water well for the City of Canyon was begun Monday morning and Tuesday the 15 inch casing was set at the depth of more than 90 feet.

Drilling was resumed Wednesday morning. The next casing to be set will be a 12 inch upon the completion of the well, which will be a little more than 400 feet.

The Western Waterworks Company, with Omar Kersey of Artesia, New Mexico, in charge, is drilling the well.

Prominent Randall County Farmer is Claimed by Death

Death claimed a prominent Randall county farmer and pioneer resident of this section, when Henry Ellis Knox died at his home Saturday, June 14, at 1:25 p. m., following a lingering illness of several months.

Mr. Knox was born May 9, 1883 at Gracine, Texas. He was married to Miss Jenny Rushing on August 5, 1906. Two sons were born to this union. He moved to the Ceta community twenty years ago where he has resided since.

He was a prominent man in the affairs of his community and has many friends in this county.

Funeral services were conducted at the First Methodist Church of Happy by the Rev. Smith. Interment was at the Happy cemetery. He is survived by his wife, two sons, Lester and Wheeler, and three brothers, Ben Knox of Gallup, N. M.; Bill Knox of Canadian, and J. B. Knox of Happy.

Rotary Club Hears of Conditions in S. America on Tuesday

Prof. W. C. White of Waynesboro, Tenn., talked Tuesday at the Rotary luncheon on South America, and its relation to the United States. Mr. White is teaching geography in the college during the summer.

George G. Foster was introduced to the Club Tuesday as a new member.

Guests present Tuesday were: Paul Dunkle of Denton, A. A. Meredith, Frank Satterfield, J. J. Sanders, E. J. McCart, Bill Smith, C. W. Rogers and Dr. M. W. Cunningham, all of Amarillo; Golden Green and John S. Humphreys of Canyon and Sam Humphreys of Fort Worth.

In discussing South America, Mr. White stated that the world war first really attracted the attention of the United States to the profitable trade extension to the southern countries. The Pan-American congress was held in order that a better understanding might exist between the continents. Herbert Hoover and Chas. Lindbergh were both sent to South America in order to foster this better understanding.

South America is unfortunate in that three-fourths of its area is in the tropical zone, but it produces tropical crops, coffee, fruits, nuts and cabinet woods, which are necessary to the U. S. There are found many minerals, which are used extensively here. Development is further handicapped by the kind of people, only about one-sixth being white out of the 65 million, with the remainder negroes, Indians and mixed races. As a result of the temperament of the people, revolutions are frequent, and easily started. Practically all of the schools are conducted by the churches. Manufacturing is the crudest.

The greatest needs of the country are: capital, staple government, white people and education.

HEREFORD CITY OFFICIALS INSPECT PAVING HERE

Mayor Edgar S. Ireland and Commissioners J. O. Newell and C. H. Dyer of Hereford were here Saturday to inspect the paving of Canyon. Hereford is planning more city paving, and wanted to inspect the brick paving on natural foundation.

Canyon has quite a reputation over the state on account of the paving on natural foundation and many city officials have inspected this type.

Miss Lily Leonard of Dowling Park, Florida, arrived recently to visit for the summer in the home of her sister, Mrs. T. C. Thompson.

C. of C. to Help Get Harvest Hands

The Canyon Chamber of Commerce comes to the front with an offer to aid in the relief of the unemployment in Canyon during the wheat harvest season at least.

Those who are out of employment at the present time are instructed to get in touch with J. W. Kleinschmidt and Byrie Elliston of the Chamber of Commerce. The farmers who are going to be in need of extra help during the harvest are asked to kindly call either Mr. Kleinschmidt or Mr. Elliston and make their wants known, thus co-operating with each other.

Farmers of Randall county are asked to do this in order that the local unemployed may have employment as long as the harvest lasts. Therefore, those locally, who are unemployed will be given preference to those who come here from other sections seeking work.

Dollar Day on next Monday, June 23, the regular date for the monthly Trades Day of the Canyon Chamber of Commerce will mean a savings of many dollars to the thrift shoppers of this immediate territory who will come to Canyon on that day.

Entertainment will be furnished in the form of chases with prizes going to the boys who are fastest runners, winning. A chicken race, guinea race and a pig race.

Two chickens, two guineas and one pig will be turned loose on the court house lawn and the boys who catch the fowls and the pig will be declared the rightful owners of them. Aside from the fun the winners will be rewarded for the races.

Bargains and bargains galore, await the thrifty who come to Canyon and shop next Monday. Prices have been lowered in every line of merchandise for the day.

Hundreds of valuable items of merchandise have been marked down to the price of \$1. Many of these items range in price at other times to as high as \$3 and \$4. Those who are seeking opportunities to save money by purchasing bargains in things they need will find it to their advantage to shop in Canyon.

Save dollars by coming to Canyon on the big Dollar Day, Monday, June 23.

First Car 1930 Wheat is Shipped By Neff Elevator

The first car of wheat from the 1930 crop of wheat left here yesterday going to the J. D. Beasley Grain Company of Amarillo. The wheat was shipped from the Felix Neff elevator.

Wheat in the first car to be shipped from here this season was sold to the elevator by A. N. Burkan, H. H. Gillham, J. P. Hix and S. M. Downing. The price paid was 74 cents and the whole car had a 62 test.

Rains earlier in the week have somewhat retarded the cutting of the grain, otherwise the harvest would have been in full swing in this county.

A. T. Smith Now Pontiac Dealer

A. T. Smith, who for the past several years has been associated with the Smith Brothers firm of real estate and insurance, has opened an agency for the Pontiac and Oakland automobiles.

Mr. Smith will continue to handle real estate as well as handle the agency for the cars.

The location for the Pontiac-Oakland sales and display rooms are at the corner of Fourth Avenue and Seventeenth street.

New Mark Reached In Summer Term

According to the final report from the college, the enrollment for the first six-weeks of the summer term has reached a total of 1298. This, according to Travis Shaw, business manager of the college, is a record for the summer enrollment during the recent years.

There are 1008 in the college, 200 in the high school, and 90 in the training school, according to the figures.

NO SHOOTING ON STATE HIGHWAYS, SAYS BARNETT

Regarding the recent killing of animals by careless hunters, Bob Barnett, county highway officer states that it is not only against the law to carry revolvers down the public highway, but it is against the law to shoot any kind of a gun while on a highway.

The law states that a person is subject to a fine of not more than \$100 for firing a gun "on, in, along or across a highway." A number of animals have been killed over the county during recent months.

Canyon Supply Sale Draws Big Crowds

The sale of the Canyon Supply Company which began yesterday morning is bringing satisfactory results, according to E. C. Schutte, who is managing the sale. Mr. Schutte has conducted a number of successful sales within this territory of the Panhandle.

The Canyon Supply Company plans to do extensive remodeling and repairing and are therefore holding the sale to reduce their stock of merchandise, according to O. N. Gamble, manager of the store.

A very large crowd was awaiting the opening of the doors on Wednesday morning, the opening day of the sale.

DENTON EXPERIMENT MAN VISITS RANDALL COUNTY

Paul Dunkel, superintendent of the station located at Denton, Texas was here Tuesday checking over the several wheat variety tests which have been conducted in Randall county this year under the direction of W. H. Upchurch, county agent.

Mr. Dunkel will be here again Friday to complete the checks on all the experiments in this county.

Miss Willie Frank Jones returned to Canyon Monday after spending the week end with home folks in White Deer.

Hill Presents Claims of W. T. to Board of Control in Austin

President J. A. Hill has returned from Austin where he appeared before the Board of Control in presenting the budget for the West Texas State Teachers College for the coming two years. The budget must be taken next before the new State Board of Education, and will then be printed ready for the meeting of the 42nd legislature when it convenes in Austin in January.

Mr. Hill stated that no indication was received from members of the Board as to the likely recommendations which will be made as to the support of the various institutions for the coming two years. The need of the summer schools was especially stressed by the teachers colleges, owing to the large attendance, and the very small appropriations which have been recommended in the past by the Board of Control.

Alfred M. Smith is Candidate Office of Co. Commissioner

Alfred M. Smith filed his application Saturday as a candidate for the office of County Commissioner, precinct No. 1, subject to the Democratic primary on July 26. Mr. Smith has been chairman of the Democratic County Executive Committee for the past two years, and previous to that time was precinct chairman for several years. He has served on the board of equalization for the city of Canyon and for the Canyon Independent School District many times, and is thoroughly acquainted with values in the city and county, as well as with the general business of the county.

Mr. Smith made the following statement yesterday:

"In offering my name as a candidate for the office of Commissioner, precinct No. 1, I am conscious of the importance and responsibilities of the office sought. If elected it will be my purpose to work in harmony with the Commissioners and discuss with business men any proposition that may come up affecting the welfare of the county, and guarantee a full and fair hearing before any action is taken. Shaw Shows Palo Duro Pictures on East Texas Trip

Travis Shaw returned Sunday from East Texas where he showed the motion pictures of the Palo Duro Canyon which he and Ray Davis recently shot, and which created so much favorable comment at the meeting of the West Texas Chamber of Commerce meeting held at Abilene.

Mr. Shaw states that Governor Moody, Pat M. Neff, railway commissioner, and many other notables made the trip on the motorcade to Caddo lake. The trip was for the purpose of creating interest in the state park system which it is hoped that the 42nd legislature will create next spring when it meets at Austin.

Mr. Shaw stated that great interest was shown in the pictures of the Palo Duro. He shot motion pictures of Caddo lake, which will soon be ready to show.

Mr. Shaw states that Governor Moody expressed great interest in the establishment of a park system in Texas, and stated that if a motorcade is formed to make a trip to the Palo Duro that he will join it.

New Cow Testing Association Oens Headquarters Here

The new Randall county Cow Testing association is now in its location on 5th Avenue and the work for the first month is well under way.

W. H. Dungen, tester for the association states that most of the testing of cows belonging to the members has been completed. The new equipment, which included a power tester and a hand tester has arrived and been installed.

The new association which was formed a few weeks ago is the largest of its kind in the state. J. W. Watson, one of the leading dairymen of the county is the president of the new association.

Mr. Dungen states that he is well pleased with the outlook for the new organization and the results to be accomplished will mean much to the dairying industry in this county. Mrs. J. J. Crutchfield of White Deer was a guest of Mrs. Hugh Kirbie here Saturday.

Rains Cover Entire Panhandle—Wheat Harvest Under Way

Rain has fallen in every section of the Panhandle during the past week, varying considerably in amounts in the different localities. The rainfall amounted to .35 of an inch Sunday morning in Canyon, with another light rain of .20 of an inch Monday night.

Wheat harvest is getting under way over the Plains, and promises to be better than was expected a weeks or so ago. The wheat is yet too green to be profitably handled, and elevators are urging farmers not to start cutting until the grain is thoroughly matured.

Specialist Will Speak to Dairy Farmers Tonight

Plans are complete for the meeting to be held here tonight at which time Dr. J. L. McClain, Dairy Extension Specialist of the U. S. Department of Agriculture will speak. The meeting will be held in the District court room and is scheduled to begin at 8:30.

This is the first visit of Dr. McClain into the Panhandle of Texas although he has visited in other parts of the state once before. He will speak at Hereford and Canadian before leaving this section of the state.

P. C. Bennett of Amarillo has been in charge of directing the itinerary of the specialist in the Panhandle. He has been in West Texas since June 10, spending most of the time on the South Plains.

It is pointed out by county agents in the Panhandle that this first trip of Dr. McClain into this section of the country, brings a recognition to the Panhandle from the U. S. Department of Agriculture as a dairy country.

In company with County Agent W. H. Upchurch, Dr. McClain visited in several of the dairy herds of the county, today. Among them were several of the herds entered in the Master Dairy Farmer's contest.

A luncheon was held in Amarillo at noon today at which time Dr. McClain spoke to the county agents of the Panhandle. A meeting was held at 2:00 p. m. at the Joe Gray dairy farm near Amarillo for the benefit of the Potter County dairymen.

The meeting tonight is an open meeting being sponsored in this county by the Randall County Dairymen's Association and all business men of Canyon as well as the farmers and interested dairymen are invited to attend the meeting here.

Clarence Boehning has returned from Muskogee, Oklahoma, where he has been for three months in a hospital.

New Bus Line and Highway Sought South to Dimmitt

Vic Gilbert, state representative from Eastland county, Frank Roberson of Eastland and a delegation of Dimmitt business men were in the city Thursday gathering petitions to the motor-bus division of the state railway commission seeking to establish a new bus line from Canyon to Lamesa by the way of Dimmitt, Olton, Littlefield and intervening towns. Mr. Gilbert is one of the best informed members of the house of representatives of the state legislature, and is seeking to be of aid in the development of West Texas by the establishment of this new bus line.

It is pointed out that a fair road now exists all of the way, and should the bus line be established this route would soon be made a state highway.

The new proposed route is one which is not now served by and bus or truck lines running north and south, although several of the towns are served by east and west lines.

Several letters and petitions by Canyon people were added to the large number from other towns owing to the fact that the need of a highway southwest from Canyon to Dimmitt has long been needed, and the proposal was recently made that the Chamber of Commerce in Canyon sponsor the plan to undertake its establishment.

Begin Drilling on Another City Well

Drilling on the latest water well for the City of Canyon was begun Monday morning and Tuesday the 15 inch casing was set at the depth of more than 90 feet.

Drilling was resumed Wednesday morning. The next casing to be set will be a 12 inch upon the completion of the well, which will be a little more than 400 feet.

The Western Waterworks Company, with Omar Kersey of Artesia, New Mexico, in charge, is drilling the well.

Rotary Club Hears of Conditions in S. America on Tuesday

Prof. W. C. White of Waynesboro, Tenn., talked Tuesday at the Rotary luncheon on South America, and its relation to the United States. Mr. White is teaching geography in the College during the summer.

George G. Foster was introduced to the Club Tuesday as a new member.

Guests present Tuesday were: Paul Dunkle of Denton, A. A. Meredith, Frank Satterfield, J. J. Sanders, E. J. McCart, Bill Smith, C. W. Rogers and Dr. M. W. Cunningham, all of Amarillo; Golden Green and John S. Humphreys of Canyon and Sam Humphreys of Fort Worth.

In discussing South America, Mr. White stated that the world war first really attracted the attention of the United States to the profitable trade extension to the southern countries. The Pan-American congress was held in order that a better understanding might exist between the continents. Herbert Hoover and Chas. Lindbergh were both sent to South America in order to foster this better understanding.

South America is unfortunate in that three-fourths of its area is in the tropical zone, but it produces tropical crops, coffee, fruits, nuts and cabinet woods, which are necessary to the U. S. There are found many minerals, which are used extensively here. Development is further handicapped by the kind of people, only about one-sixth being white out of the 65 million, with the remainder negroes Indians and mixed races. As a result of the temperament of the people, revolutions are frequent, and easily started. Practically all of the schools are conducted by the churches. Manufacturing is the crudest.

The greatest needs of the country are: capital, staple government, white people and education.

HEREFORD CITY OFFICIALS INSPECT PAVING HERE

Mayor Edgar S. Ireland and Commissioners J. O. Newell and C. H. Dyer of Hereford were here Saturday to inspect the paving of Canyon. Hereford is planning more city paving, and wanted to inspect the brick paving on natural foundation.

Canyon has quite a reputation over the state on account of the paving on natural foundation and many city officials have inspected this type.

Miss Lily Leonard of Dowling Park, Florida, arrived recently to visit for the summer in the home of her sister, Mrs. T. C. Thompson.

C. of C. to Help Get Harvest Hands

The Canyon Chamber of Commerce comes to the front with an offer to aid in the relief of the unemployment in Canyon during the wheat harvest season at least.

Those who are out of employment at the present time are instructed to get in touch with J. W. Kleinschmidt and Byrle Elliston of the Chamber of Commerce. The farmers who are going to be in need of extra help during the harvest are asked to kindly call either Mr. Kleinschmidt or Mr. Elliston and make their wants known, thus co-operating with each other.

Farmers of Randall county are asked to do this in order that the local unemployed may have employment as long as the harvest lasts. Therefore, those locally, who are unemployed will be given preference to those who come here from other sections seeking work.

Dollar Day on next Monday, June 23, the regular date for the monthly Trades Day of the Canyon Chamber of Commerce will mean a savings of many dollars to the thrifty shoppers of this immediate territory who will come to Canyon on that day.

Entertainment will be furnished in the form of chases with prizes going to the boys who are fastest runners, winning. A chicken race, guinea race and a pig race.

Two chickens, two guineas and one pig will be turned loose on the court house lawn and the boys who catch the fowls and the pig will be declared the rightful owners of them. Aside from the fun the winners will be rewarded for the races.

Bargains and bargains galore, await the thrifty who come to Canyon and shop next Monday. Prices have been lowered in every line of merchandise for the day.

Hundreds of valuable items of merchandise have been marked down to the price of \$1. Many of these items range in price at other times to as high as \$3 and \$4. Those who are seeking opportunities to save money by purchasing bargains in things they need will find it to their advantage to shop in Canyon.

Save dollars by coming to Canyon on the big Dollar Day, Monday, June 23.

First Car 1930 Wheat is Shipped By Neff Elevator

The first car of wheat from the 1930 crop of wheat left here yesterday going to the J. D. Beasley Grain Company of Amarillo. The wheat was shipped from the Felix Neff elevator.

Wheat in the first car to be shipped from here this season was sold to the elevator by A. N. Burman, H. H. Gillham, J. P. Hix and S. M. Downing. The price paid was 74 cents and the whole car had a 62 test.

Rains earlier in the week have somewhat retarded the cutting of the grain, otherwise the harvest would have been in full swing in this county.

A. T. Smith Now Pontiac Dealer

A. T. Smith, who for the past several years has been associated with the Smith Brothers firm of real estate and insurance, has opened an agency for the Pontiac and Oakland automobiles.

Mr. Smith will continue to handle real estate as well as handle the agency for the cars.

The location for the Pontiac-Oakland sales and display rooms are at the corner of Fourth Avenue and Seventeenth street.

New Mark Reached In Summer Term

According to the final report from the college, the enrollment for the first six-weeks of the summer term has reached a total of 1298. This, according to Travis Shaw, business manager of the college, is a record for the summer enrollment during the recent years.

There are 1008 in the college, 200 in the high school, and 90 in the training school, according to the figures.

NO SHOOTING ON STATE HIGHWAYS, SAYS BARNETT

Regarding the recent killing of animals by careless hunters, Bob Barnett, county highway officer states that it is not only against the law to carry revolvers down the public highway, but it is against the law to shoot any kind of a gun while on a highway.

The law states that a person is subject to a fine of not more than \$100 for firing a gun "on, in, along or across a highway." A number of animals have been killed over the county during recent months.

**WEST TEXAS FOR SMALL.**

West Texas has its first real opportunity to place one of its native sons in the Governor's office.

Other West Texans have attempted to gather in West Texas sentiment, and votes, but failed to do so. Too many West Texans have in the past preferred to vote for the choice of East Texan politicians, rather than follow one of their native sons.

After making a tour of the State, Clint Small is convinced that if West Texas will stand behind him he will go into the second primary.

Why should not West Texas stay with Small?

A lot of untrue rumors were started by Small's political enemies a few weeks ago, but promptly nailed by his friends.

His political enemies are now saying that "Small is a good man, but has no chance."

All that is needed to make the chance for Small to be elected Governor is for 100 percent of the West Texas voters to get in behind him, go to boosting for him, and invite East Texas, Central Texas, South Texas to elect a real West Texan as Governor of all Texas.

Clint Small is not, and has not raised the question of sectionalism.

He is not promising any more to West Texan than he is Central Texas, or East Texas, or South Texas.

He is not condemning any candidate because he happens to live in any certain part of Texas. But the politicians, who are afraid of Small, are doing everything possible to split the West Texas vote so that word will go out that West Texas is not solidly supporting Clint Small, one of the best known and best qualified men in this section, and the entire state to be Governor.

West Texans should be busy today as they have never before done in a political campaign. There are several good men in the race.

There is no use getting mad at them because they seek the highest honor the people of Texas may bestow on them, but West Texans should support and work for Clint Small because he is qualified, and will make a real Governor.

The News announced several weeks ago, when Clint Small decided to run for Governor that the Wellington man was our choice although several of the other candidates were well qualified, and would make good a governor. But West Texas knows Clint Small. It knows his ability, and his interest in the governmental affairs of the state. It knows that he is in favor of recessing politics and putting over a program of real industrial and agricultural building in Texas. West Texas people know that Clint Small is not in favor of pitting one faction or one section of the state against the other just for political purposes which might work out to his advantage.

West Texans, stand by Clint Small, and put him in the Governor's office.

Senator Tom Love is making a trip through the Panhandle this week. He is appealing to those who voted for Hoover to support him. He offers little other reason why any one should support him, except that he helped defeat the Democratic party two years ago. While Mr. Love is in West Texas, his friends should take him for a ride on the navigable streams of this section. They should point out the cemetery at Lefors, which was filed upon by Austin land grabbers who sought to dig up the buried dead and sink oil wells in that navigable stream. Mr. Tom Love cries out loud and long for fear that Al Smith may come down and take charge of the affairs of state in Austin. Tom was afraid of the Tammany tiger, but did not hesitate that it was perfectly honest for the state of Texas to steal the land it had sold to the good people of West Texas and give it to Austin land grabbers. Tom could not see why the State of Texas should not be as honest to its citizens as the state expects the citizens to be to it. No, Tom, when the votes are counted next month, we predict you will find that West Texas will answer your cry of Smith, Raskob, Tammany and the episode of 1928 by piling up a 100 percent majority vote for Clint Small who had to fight you at every turn of the road in the Texas senate to keep you from turning out the home owners of West Texas so that a few Austin

land grabbers might profit.

Roy Arnold, secretary of the Hereford Chamber of Commerce praises the Panhandle people for having good forgetters. There is nothing like being able to forget your trouble. The man who can forget his trouble is bound to succeed. The one who carries his trouble to all his friends will soon have no friends who will listen to him. Mr. Arnold speaks in particular about business conditions in praising the ability to forget. It is a fine thing to be able to forget the tragedy of readjustment, but always a safe thing not to forget it too thoroughly, and stumble over the same obstacle a second time.

Movement has been started to build a first class highway to the southwest part of the county in the direction of Dimmitt. The plan should be carried forward. Canyon has many good friends to the southwest who do not have the best of roads to reach the city. To build a good highway means much for the commercial interest of Canyon, and will bring many more students to the College.

May was the banner automobile month in Randall county states Collector John Fry. More cars were sold and registered during May than was sold last year following the big wheat harvest. There's plenty of money in Randall county in spite of the short wheat harvest.

Well, at any rate, we hope the gangsters of Chicago will know the difference between a Chicago newspaper man and a Texas newspaper man if they start shooting next week during the Rotary convention.

The rains have come and the outlook for a bountiful row crop was never better. Even the shortage of the wheat crop may prove to be a great blessing to the Panhandle country as a whole.

Canyon merchants will have the greatest bargain feast of the year next month when Dollar Day will be in order. Come and get your Dollar's worth.

Make your Dollars do their full duty by bringing them to Canyon next Monday and putting them to work.

GELATINE

Gelatin is one of the housewife's best friends in warm weather. Desserts made with gelatin have a distinct appeal to warm weather appetites. On days when a hot roast would destroy the overheated appetite, a jellied meat loaf is tempting and delicious.

Jellied salads, too, are a completely satisfactory mainstay at luncheon in summer.

And the best of all these gelatin dishes is that they can be varied for every day in the week, and still you won't have tried them all.

Lemon jelly is a good foundation for many desserts. You can make it with fresh fruit juice according to the directions that come with any box of gelatin, or you can make it with one of the ready-prepared fruit gelatin mixtures. Then vary it if you wish.

If your family don't like the flavor of lemon jelly, then try something else—raspberry, orange, cherry or any other favorite flavor.

For one always good dessert prepare the fruit gelatin and let it cool. In the bottom of individual moulds put three or four ripe strawberries, and when the gelatin begins to harden cover them. Let it harden completely, and then put in the moulds diced orange pulp, pour on the rest of the gelatin, harden, and serve.

Individual moulds of any fruit jelly are delicious served with whipped cream or with boiled custard. Or, if you wish, with crushed and slightly sweetened fruit. Orange jelly, for instance, is good served with crushed strawberries, lemon jelly is delicious with raspberries.

Banana Pie

Three bananas, two eggs, one cup sugar, two cups milk, two tablespoons flour.

Have ready a rich pie paste for a one-crust pie. Make the filling by mixing the sugar, flour, egg yolks and milk. Cook these in a double boiler until thick. Add vanilla to flavor and pour into the crust. Make a meringue of the egg whites beaten with one tablespoon of sugar. Place in the oven until the meringue is brown.

COMMUNICATION

There are still a few places in the world where a man can be completely out of touch with everybody else in the world, but the number of such places is diminishing so rapidly that it is a safe prediction that before many years have passed we can go anywhere and still be in communication with home.

Telephoning from railroad trains in motion is now an accomplished fact, in practical use. From any important train on the Canadian National Railways for a fee of

fifty cents in addition to the telephone charge the traveler can call up any telephone connected with the Bell system, which covers the United States, Mexico, most of Europe and a large part of Central and South America. Germany, France and other European countries have similar systems. America has no monopoly on inventive genius, nor are we always the first to put new devices into use. But there is no doubt that eventually this system of train-telephony will be adopted in the United States.

The large passenger liners now have facilities for telephoning from ship to shore and vice versa. Sooner or later all passenger ships and probably most freighters will be similarly equipped.

A portable radio broadcasting set has been devised which takes up such small space and weighs so little that future big game hunters, penetrating the African jungle, can easily take one along with them and so report their safety—or the opposite—to the folks at home every day.

Aircraft in flight now carry many of them—radio equipments for both "code" and voice communication with the earth. Admiral Byrd's Antarctic expedition was never out of communication.

The next step forward is television. That has now become practical. Our children probably, our grandchildren certainly, will be able to see around the world as easily as we talk around it today.

All of these inventions which make communication easier tend toward closer international relations, better understandings, reduce the likelihood of war. The time may even come when disagreements between nations will be settled as easily as disagreements between business interest are settled today, and with as little bloodshed.

2 Randall Herds Get Honors in Cow Testing Association

Fifteen cows, nine of which were in Randall county, produced more than 400 pounds of butter fat each during the year of the Deaf Smith-Randall County Cow Testing Association which closed May 31.

The nine cows in Randall county were in two herds, with the first four high cows of the association being in this county. The two herds in the county were: J. W. Watson's and the College herd.

The herd of dairy cows with the highest butterfat production was in this county. The herd belongs to J. W. Watson and has an average production record of 417 pounds of butterfat during the year.

It is interesting to note that during the past year Mr. Watson also has the record of lowest average on feed cost per head in the association. This fact brings additional proof that the best producer is the cheapest.

Mr. Watson has 24 cows in his herd at the present time.

The herd of L. A. Smith in Deaf Smith county was the second highest herd in the association in production of butterfat with 360 pounds for the year.

Princess, a 5-year old Jersey of the College herd headed the list with a butterfat production of 534.3 pounds of butter fat in a year.

The list of those producing over 400 pounds of butter fat in a year are as follows:

Cow	Lbs. Fat
Princess	534.3
Rosette	495.3
Ruth	493.4
Poquette	413.1

An anthology of Poetry which will be issued in the next few days from the Mitre Press, London, England, entitled "The World's Best Poets of 1930," will contain three poems by Mrs. Elizabeth Fry Page, the Episcopal Student Secretary.

The names of the poems by Mrs. Page are "At Evening Time," a lyric; "Contentment," a free verse poem; and "Magnificent," a sonnet.

The same publishers are to bring out in the fall a book called "Principal Poets of the World." They have written to Mrs. Paage recently asking for a poem to go in that, together with a personal biographical sketch. They have also asked her to act as co-editor in this country of a fall anthology of poetry similar to the one being brought out this spring.

PLANTING BY THE MOON

Sowing, reaping, breeding, butchering, shearing and other farm activities are regulated by many according to the "light" or "dark" of the moon. Such practices are foolish and only relics of the Dark Ages, according to the Department of Agriculture.

Farming according to the moon has no support from any scientific point of view, as the moon has no influence on animals, the weather or the soil, though many old sayings have led people into superstitious beliefs regarding it. In France, before the revolution there was a law forbidding the cutting of trees between the new moon and the full moon.

Like many other fallacies which have gained wide currency among

various people, these fanciful ideas are giving way before the investigations of science, but ages must yet elapse perhaps, before superstition shall be entirely eradicated from the minds of men.

After the First Twenty-five Thousand Miles

THE VALUE of sound design, good materials and careful craftsmanship is especially apparent in the new Ford after the first twenty-five thousand miles. Long, continuous service emphasizes its mechanical reliability and economy of operation and up-keep.

As you drive the Ford through many months and years you will develop an increasing pride in its appearance and a growing respect for the substantial worth that has been built into it. From every standpoint—in everything that goes to make a good automobile—you will know that you have made a far-seeing, satisfactory purchase.

Wherever you go, you hear enthusiastic praise of the car and this significant, oft-repeated phrase—"I'm glad I bought a Ford."

A FORD owner in New York tells of a 13,000-mile trip across the United States and back in sixty days and says "the car was extremely economical to operate, comfortable and speedy." A grateful father tells how the Triplex shatter-proof glass windshield saved his wife and children from serious injury.

To test tires, a large company drove a new Ford day and night, for an average of 500 miles every twenty-four hours. It was still giving satisfactory service after 105,000 miles.

A Ford car that had fallen into Fernan Lake was submerged for twelve days before being raised. After a new battery and carburetor bowl were installed, it was driven back to Spokane under its own power.

Many police departments have written of the special advantages of the Ford in crowded traffic because of its alert speed, acceleration, and ease of control. An increasing number of fleet owners are also purchasing the Ford because their cost figures have given conclusive proof of its economy of operation and up-keep.

In addition to important triumphs in Germany, France and Italy, the Ford won six out of seven leading places in a contest in Finland, first and second in the Rafaela races in Argentina, first and second in the

run from Copenhagen-to-Paris-to-Copenhagen, three gold medals in England, first ranking in the durability test over the tortuous Amancaes road in Peru, and first place in the 1930 reliability run conducted by the Royal Automobile Club of Sweden.

This contest was an exceptionally severe test of endurance and sturdy construction because it was held in the dead of winter and covered 600 miles of steady running over snow-covered country roads and mountainous hills.

"Os" Eckhardt Leads In Texas League Batting Race Now

Showing no signs of letting up in the pace that has kept him in front of the Texas league batting race since the season opened, big "Os" Eckhardt of the Beaumont Exporters, boosted his mark up to .408 through games of last Thursday and was 44 percentage points ahead of any player who had participated in as many games.

Eckhardt will be remembered by some of the students, the faculty members, and the ex-students as football coach of the college. He left here in 1928 to take up professional baseball.

Kiker Wins First in Trombone at W. T. C. of C. Meet

First place in the college class on the trombone was won by Charlie Kiker at the West Texas Chamber of Commerce meet which was held at Abilene recently. Kiker won a gold medal for this distinction.

Kiker is a Canyon boy who is a junior in the college. He has played in the band under the direction of C. E. Strain during the three years he has been in college. The selection on which he won first place was entitled "The Little Chief" by Arthur Pryor. Ruth Strain was his accompanist.

Babston Returns From Study Period at Nashville, Tenn.

Miss Linnie Babston of the Library Science Department has recently returned from Nashville, Tennessee, where she has been studying since last September in the George Peabody College for Teachers.

Miss Babston reports a most delightful time. While there she visited the many interesting sights of the city. "The Hermitage," home of Andrew Jackson, was outstanding among the places visited.

Library majors who have not had such work before must have two years to get a Master's degree. However, a certificate is given at the end of the first year. Miss Babston received this certificate.

Miss Babston says, "The work was hard but very interesting." Her study included work in the Carnegie or city library and the Vanderbilt University library as well as work in the Peabody library.

There has been a new awakening in the library science world, according to Miss Babston, due largely to the requirements in high schools. Her work was work leading to the teaching of students who are going out to do that sort of work.

Nowadays, a writer says, any child who hasn't had a couple of major operations, couldn't hold up its head in a classroom. Indeed, the modern youngster seems proud to be considered a cut-up.

Keith is one of the two best all around athletes ever turned out at West Texas. He lettered four years in football, basketball and track, and two years in baseball, for a total of fourteen athletic letters. He would have secured two more letters in baseball had not this institution abolished that sport two years ago.

Keith was named all T. I. A. A. quarterback in football, all T. I. A. A. forward in basketball, was one of the leading sprinters for four years and was an outfielder in baseball. Burrow Home is Scene of Three Lovely Parties During the Week

June, with its fragrant flowers and pleasant days, has proved to be an unusually popular month to social affairs and even erstwhile staid club meetings have assumed a delightful air of gaiety. Among the events of the past week many have enjoyed the hospitality of the lovely C. R. Burrow home when Mrs. Burrow entertained on Saturday, Tuesday and Wednesday afternoons.

Maids and Matrons

Roses and larkspur adorned the entertaining suite Saturday afternoon when Mrs. Burrow was hostess to the Merry Maids and Matrons Club. Forty-two was the chosen diversion, and following the games a delicious plate lunch was served.

Club members and special guests included: Mrs. L. Angel, Mrs. H. A. Brown, Mrs. L. G. Allen, Mrs. Sue Donald, Mrs. C. R. Flesher, Mrs. J. L. Duflot, Mrs. John Fry, Mrs. A. W. Hamill, Mrs. Ed Harrell, Mrs. J. A. Hill, Mrs. S. L. Ingham, Mrs. R. P. Jarrett, Mrs. T. B. McCarter, Mrs. Clyde McElroy, Mrs. A. W. Sternberg, Mrs. Clyde Warwick, Mrs. F. E. Savage, Miss Edna Graham, Mrs. Wm. Ash, Mrs. Grayson Bell, Mrs. Geraldine Green, Mrs. W. C. Kunze, Mrs. Annie V. McCarty, Mrs. Grady Oldham, Mrs. Dan K. Usery, Mrs. T. C. Thompson, Mrs. S. H. Condon, Mrs. J. W. Shanklin, Miss Pearl Black and Miss Esther Rudolph.

Mrs. Neblett Honored

Mrs. Bob Neblett of Galveston, daughter of Mrs. Burrow, was the honoree at a prettily appointed party Tuesday afternoon. Cut flowers added to the attractiveness of the rooms where tables were placed for bridge.

A delectable ice course was served to the following: Mrs. Marion Bishir, Mrs. Bill Black, Mrs. Ray Campbell, Mrs. J. Madison Daugherty, Mrs. George Allen Farlow, Mrs. Lee Foster, Mrs. Hubert Hamill, Mrs. Guy Harp, Mrs. Wesley Kleinschmidt, Mrs. Tom Knighton, Mrs. Ray McReynolds, Mrs. Dan Sanders, Mrs. Travis Shaw, Mrs. Clarence Thompson, Mrs. Clyde Warwick, Mrs. Flannigan Smith, Mrs. Tommie Montfort, Mrs. T. M. Moore, Mrs. Davis Hill, Mrs. J. S. Humphreys, Mrs. Sam Humphreys of Fort Worth, and Miss Irene Angel.

Lovely Affair Wednesday

Mrs. Burrow entertained a number of friends with bridge Wednesday afternoon. Summer flowers were used as decorations in the rooms where the guests were entertained. A salad course was served at the refreshment hour.

The guest list included: Mrs. L. G. Allen, Mrs. Wallace R. Clark, Mrs. L. Angel, Mrs. Grayson Bell, Mrs. C. R. Flesher, Mrs. Oscar Gamble, Mrs. Lottie Williams, Mrs. A. W. Hamill, Mrs. C. N. Harrison, Mrs. S. L. Ingham, Mrs. Clifton Jarrett, Mrs. R. P. Jarrett, Mrs. C. A. Murray, Mrs. Hud Prichard, Mrs. C. A. Pierle, Mrs. Jim Redfern, Mrs. Claude Reeds, Mrs. Earl Robbins, Mrs. Grant McColley, Mrs. F. E. Savage, Mrs. Henrietta Scott, Mrs. L. F. Shelly, Mrs. D. A. Shirley, Mrs. J. J. Walker, Mrs. W. A. Warren, Mrs. J. L. Duflot, Mrs. N. E. McIntire, Mrs. Clyde McElroy, and Mrs. John Fry.

ROSE STARKEY BECOMES MRS. RAYMOND POWELL

Announcement of the marriage of Rose Starkey and Raymond Powell on March 27 was made following the close of the spring quarter of school. The couple was married in Clovis, New Mexico.

Both Mr. and Mrs. Powell were freshmen in the college last year where Mr. Powell won distinction as a football man. Both are graduates of the high school in Wellington.

Friends of the bride and groom who were present at the wedding were Corinne Marshall, Julia Ann Aycock, and Bill Leggett.

The bride and groom are now making their home in Wellington where he is engaged in wheat farming.

LUCKY THIRTEEN ENJOY DINNER-BRIDGE

Mr. and Mrs. Hud Prichard and Mr. and Mrs. Dewey Foster entertained the members of the Lucky Thirteen Night club with a dinner bridge at the home of the former couple Tuesday evening. Six tables of guests were present for the occasion.

Club members and special guests attending included: Mr. and Mrs. Mark L. Foster, Mr. and Mrs. George A. Farlow, Mr. and Mrs. J. Madison Daugherty, Mr. and Mrs. Frank Hicks, Mr. and Mrs. Richard E. Ball, Mr. and Mrs. J. L. Duflot, Mr. and Mrs. Ralph Harter, Mr. and Mrs. Verna Greenfield, Mr. and Mrs. E. L. Prichard, Mr. and Mrs. Winfield Miller.

Mayme Dunaway, Dr. E. J. Cundiff Wed Wednesday

In a quiet but impressive ceremony two members of Canyon's younger set, Miss Mayme Dunaway and Dr. Elsworth James Cundiff, were united in marriage at the home of the bride's mother, Mrs. Mattie F. Dunaway, 1316 Fifth Avenue, at 8:30 o'clock Wednesday evening. The Rev. Mr. W. C. Kunze, pastor of the First Presbyterian church of Canyon, performed the double ring ceremony. Attendants were Mrs. Earl Irwin, of Amarillo, sister of the bride, and Dr. Stuart Browning, also of Amarillo.

A profusion of pink and white flowers decorated the ceremonial rooms. The bride wore a becoming ensemble of egg shell crepe trimmed in lace and fur with accessories to match and carried a bouquet of pink roses and lavender sweet peas. Witness to the ceremony were Mrs. Dunaway of Canyon, mother of the bride; Mr. and Mrs. Earl Irwin, Mr. and Mrs. Clarence Smith, and Miss Nellie Dunaway of Amarillo; and Mr. and Mrs. Floyd Dunaway of this city. Mrs. Cundiff was reared in Canyon and is a graduate of Canyon High School. She attended West Texas State Teachers College, later taking a position in the Canyon Supply company where she has been in charge of the ladies' ready-to-wear department for the past several years.

Dr. Cundiff is the son of J. J. Cundiff of De Sota, Missouri, and was reared in that city. He did college work in St. Louis University, completing his course in Washington University at St. Louis, where he was a member of the 1929 graduating class of that institution. He is a member of the Delta Sigma Delta dental society. Dr. Cundiff came to Canyon in October of last year, and opened offices for the practice of dentistry here.

The couple left immediately after the ceremony for De Sota, Mo. They will be at home to their many friends in Canyon after July 1st.

FAE JONES AND DEE LOWRY ARE MARRIED SUNDAY

The wedding of Miss Fae Jones of Childress and O. Dee Lowry of Canyon was solemnized Sunday afternoon at three o'clock at the home of the bride's parents, Mr. and Mrs. J. Calvin Jones.

Roses, traditional flowers of the bride's own month, mingled with summer garden blossoms to beautify the rooms where the ring ceremony was read by the Rev. John S. Mullen, pastor of the Central Christian Church of Childress. The bride wore an ensemble of green georgette with accessories of ivory. She carried roses in an arm bouquet. She was attended by her cousin, Miss Alma Lee Jones of Wellington, as maid of honor. Elmer Wooten was Mr. Lowry's best man. These were the only members of the wedding party. Mr. and Mrs. Lowry of Canyon, father and mother of the groom, were present at the ceremony.

Friends and members of the wedding party were present at the dinner given at the Jones' home at the one o'clock hour preceding the wedding.

Immediately following the ceremony the couple went to Amarillo to the Capitol Hotel where they remained until today at which time Mr. Lowry returned to Canyon to resume his work with the Texas Utilities Company. They will be at home to their friends at 1609 second avenue.

Both Mr. and Mrs. Lowry have completed their sophomore work in the West Texas State Teachers College. Mrs. Lowry graduated from Childress High School in 1928 where she was an honor student. While here in college she was an active member of the Elaphean Literary Society. Mr. Lowry taught at Lipscomb during the past school term.

MRS. JAY PRICHARD ENTERTAINS CLUB

Mrs. Jay Prichard as hostess to the members of the Loyal Dozen club at her home Friday afternoon. Mrs. Ed Phillips was the recipient of a number of lovely gifts from the club members who gave her a surprise shower in celebration of her birthday anniversary.

The afternoon was spent in doing needle work and in a short business meeting. Delicious refreshments of sandwiches, frozen pudding and cakes were served.

Those present included: Mrs. N. T. Dickerson, Mrs. V. L. Briscoe, Mrs. Clifton Duke, Mrs. Ed Phillips, Mrs. Victor Steen, Mrs. Bill Simmons, Mrs. C. C. Morton, Mrs. Harry Inman, Mrs. Felix Pierce, and Mrs. Noel Becket.

MELBA STOCKER WEDS CARL CHADOIN AT MIAMI

Melba Stocker became the bride of Carl Chadoin June 2, in Miami, the home of the bride's parents.

Mrs. Chadoin was last a student here in the fall quarter of the past regular session. She will be remembered for her work in the department of music. Mr. Chadoin is of the teaching profession, having done his college work in Texas Tech at Lubbock.

BUSINESS WOMEN ENJOY BRIDGE PARTY WEDNESDAY

Mrs. J. Alvin McDonald and Mrs. Earl Robbins were hostesses to the members of the Business Women's club at the home of Mrs. McDonald Wednesday evening. Baskets of garden flowers were lovely decorations in the entertaining rooms where five tables were arranged for the play. A delectable ice course carrying out a green and white color scheme was served at the conclusion of the play.

Club members and special guests were: Miss Olive Schramm, Miss Minnie McCarty, Miss Agnes Meyers, Miss Edith Wiggins, Miss Marie Wallace, Miss Lillian Atkins, Miss Lorena Frieze, Miss Emil Brewer, Miss Virginia Crain, Miss Catherine Rockwell, Mrs. A. H. Bryant, Mrs. A. E. Terry, Mrs. Clyde Davis, Mrs. Berl E. Mayfield, Mrs. E. L. Braudt, Mrs. J. J. Walker, Mrs. P. E. Newberry, Mrs. Vincent Shuman and Mrs. H. W. Hartman.

1925 BRIDGE MEETS AT PRICHARD HOME

Mrs. Hud Prichard was a charming hostess when she entertained the members of the 1925 Bridge club at her home Wednesday afternoon. A yellow color scheme was attractively carried out in the table accessories and refreshing ice courses served at the conclusion of the games. Yellow calendulas were presented the guests as favors. Bouquets of garden flowers made attractive floral decorations for the entertaining rooms.

Harrison, Mrs. S. L. Ingham, Mrs. Clifton Jarrett, Mrs. R. P. Jarrett, Mrs. C. A. Murray, Mrs. Hud Prichard, Mrs. C. A. Pierle, Mrs. Jim Redfern, Mrs. Claude Reeds, Mrs. Earl Robbins, Mrs. Grant McCole, Mrs. F. E. Savage, Mrs. Henrietta Scott, Mrs. L. F. Sheffy, Mrs. D. A. Shirley, Mrs. J. J. Walker, Mrs. W. A. Warren, Mrs. J. L. Duffol, Mrs. N. E. McIntire, Mrs. Clyde McElroy, and Mrs. John Fry.

ROSE STARKEY BECOMES MRS. RAYMOND POWELL

Announcement of the marriage of Rose Starkey and Raymond Powell on March 27 was made following the close of the spring quarter of school. The couple was married in Clovis, New Mexico.

Both Mr. and Mrs. Powell were freshmen in the college last year where Mr. Powell won distinction as a football man. Both are graduates of the high school in Wellington.

Friends of the bride and groom who were present at the wedding were Corrine Marshall, Julia Ann Aycock, and Bill Leggett.

The bride and groom are now making their home in Wellington where he is engaged in wheat farming.

LUCKY THIRTEEN ENJOY DINNER-BRIDGE

Mr. and Mrs. Hud Prichard and Mr. and Mrs. Dewey Foster entertained the members of the Lucky Thirteen Night club with a dinner bridge at the home of the former couple Tuesday evening. Six tables of guests were present for the occasion.

Club members and special guests attending included: Mr. and Mrs. Mark L. Foster, Mr. and Mrs. George A. Farlow, Mr. and Mrs. J. Madison Daugherty, Mr. and Mrs. Frank Hicks, Mr. and Mrs. Richard E. Mayme Dunaway, Dr. E. J. Cundiff Wed Wednesday

In a quiet but impressive ceremony two members of Canyon's younger set, Miss Mayme Dunaway and Dr. Elsworth James Cundiff, were united in marriage at the home of the bride's mother, Mrs. Mattie F. Dunaway, 1316 Fifth Avenue, at 8:30 o'clock Wednesday evening. The Rev. Mr. W. C. Kunze, pastor of the First Presbyterian church of Canyon, performed the double ring ceremony. Attendants were Mrs. Earl Irwin of Amarillo, sister of the bride, and Dr. Stuart Browning, also of Amarillo.

A profusion of pink and white flowers decorated the ceremonial rooms. The bride wore a becoming ensemble of egg shell crepe trimmed in lace and fur with accessories to match and carried a bouquet of pink rosebuds and lavender sweet peas. Witness to the ceremony were Mrs. Dunaway of Canyon, mother of the bride; Mr. and Mrs. Earl Irwin, Mr. and Mrs. Clarence Smith, and Miss Nellie Dunaway of Amarillo; and Mr. and Mrs. Floyd Dunaway of this city.

Mrs. Cundiff was reared in Canyon and is a graduate of Canyon High School. She attended West Texas State Teachers College, later taking a position in the Canyon Supply company where she has been in charge of the ladies' ready-to-wear department for the past several years.

Dr. Cundiff is the son of J. J. Cundiff of De Sota, Missouri, and was reared in that city. He did college work in St. Louis University, completing his course in Washington University at St. Louis, where he was a member of the 1929 graduating class of that institution. He is a member of the Delta Sigma Delta dental society.

Dr. Cundiff came to Canyon in October of last year, and opened offices for the practice of dentistry here.

The couple left immediately after the ceremony for De Sota, Mo. They will be at home to their many friends in Canyon after July 1st.

FAE JONES AND DEE LOWRY ARE MARRIED SUNDAY

The wedding of Miss Fae Jones of Childress and O Dee Lowry of Canyon was solemnized Sunday afternoon at three o'clock at the home of the bride's parents, Mr. and Mrs. J. Calvin Jones.

Roses, traditional flowers of the bride's own month, mingled with summer garden blossoms to beautify the rooms where the ring ceremony was read by the Rev. John S. Mullen, pastor of the Central Christian Church of Childress. The bride wore an ensemble of green georgette with accessories of ivory. She carried roses in an arm bouquet. She was attended by her cousin, Miss Alma Lee Jones of Wellington, as maid of honor.

Elmer Wooten was Mr. Lowry's best man. These were the only members of the wedding party. Mr. and Mrs. Lowry of Canyon, father and mother of the groom, were present at the ceremony.

Friends and members of the wedding party were present at the dinner given at the Jones' home at the one o'clock hour preceding the wedding.

Immediately following the ceremony the couple went to Amarillo to the Capitol Hotel where they remained until today at which time Mr. Lowry returned to Canyon to resume his work with the Texas Utilities Company. They will be at home to their friends at 1609 second avenue.

Both Mr. and Mrs. Lowry have completed their sophomore work in the West Texas State Teachers College. Mrs. Lowry graduated from Childress High School in 1928 where she was an honor student. While here in college she was an active member of the Elaphean Literary Society. Mr. Lowry taught at Lipscomb during the past school term.

News in Canyon 25 Years Ago

(From the files of the Canyon City News, Friday, June 16, 1905)

Mrs. R. G. Oldham visited at L. S. Carter's and other friends in the south part of the county the first of the week.

It is wheat harvest around Vernon and Quanah and it is claimed that the yield per acre will reach an average of 25 bushels.

A letter received from Prof. Ernberger requests that a copy of the

paper be sent him at Nashville, Tennessee, during his absence. Miss Blanche Lester went to Plainview Sunday where she will visit friends until the return of her parents.

Last Thursday's excursion brought in five passengers for local men and three for Tulsa. It is claimed that several deals are on foot and near the closing point, but the News so far has not been fortunate in securing the details.

Sunday, L. T. Lester and wife left for Dallas from whence with the "Bankers Excursion" they will proceed to the Exposition at Portland, Oregon, and from there to the Yellowstone Park and other points of interest in the northwest before returning home in about two weeks.

There has been a steady growth about Canyon City this spring. The population has increased; every good house in town is occupied and four new ones are now under construction and three more new ones, to "begin at once" being talked of. J. H. Green of Kingston, Hunt county was here prospecting Friday and Saturday.

H. C. Williams formerly in the barber business here, returned last Friday to his old home, Willis Point.

Reese Huff and family formerly of Hereford, moved here Friday of last week. They will occupy the Rusk house in the west part of town.

To Rev. J. D. Ballard belongs the credit of having the best garden in town at this date.

The painting of the post office has improved its appearance wonderfully.

Mrs. J. E. Jordan's mother from Forney came in this week to remain for an indefinite time.

Mrs. J. M. Renshaw returned this week from Estacado, where she has been visiting her daughter, Mrs. Fay Garten.

Mrs. W. C. Baird on Monday went to Hereford on a visit.

WE CAN'T FIGHT CHANGE

By Bruce Barton

When I was a small boy in the country we had a good old neighbor named Daniel Roe, who owned a cranberry meadow. He brought the water for flooding his meadow through a deep ditch from a lake about a quarter of a mile away.

Half of every summer of his life he spent digging out the dirt and stones which had fallen into that ditch.

We kids used to go over and watch him dig. There was a big stone by the side of the ditch which was shaped roughly like an arm chair. There he would eat his lunch at noon, and smoke his pipe. We called the stone Mr. Roe's chair.

In fullness of time he died. His son sold the meadow, and it was abandoned. My father bought the ditch, most of which ran through our woods, and every summer we fill a little piece of it up with junk and garbage and cover it over with dirt.

Last summer I walked through the woods and stopped at Mr. Roe's chair. Already the ditch is half destroyed. In five years more it will be gone.

All his sweat and strain and backache for nothing. No trace of his life work left!

In a New York club I talked with an eminent architect, who said that the glorious days had vanished from his profession. The architects of Greece and Rome left monuments that are eternal. The modern architect has no such hope. He himself had designed three houses in New York so magnificent that he expected them to carry his name to future generations. All three have been torn down to make way for apartment buildings.

I talked with a clergyman who had recently visited a city parish where he had labored successfully thirty years ago. That portion of the city has now become a slum. The old families have scattered to the suburbs. The church is closed.

"What is left," he exclaimed sadly, "to show for all my labor?"

I told him that people are left—the sons and daughters of the men and women to whom his sermons were preached.

"Your hearers trained their children in righteousness," I said, "and they will train their children."

We can't fight change, and it is well that we can't. How dull life would be if everything were permanent. How wonderful that each new generation has the fun of taking the world apart and putting it together again.

The church may be closed, the house torn down, the ditch filled up. But Mr. Roe and the architect and the preacher each built a monument in the lives of the people whom he served.

We can do as much; and it is all that we can do.

That young Michigan pugilist who is studying for the ministry is probably looking forward to some lively bouts with satan.

A MECHANIZED BAND

The United States army is experimenting with a mechanical music box mounted on a three-quarter ton truck to see if it possibly it cannot replace the traditional army band and army bugler; and if the army is wise it will presently report that the whole scheme is impractical and visionary. Imagine a stirring military review, led not by a quick stepping, inspiring band but a mag-navox on a truck! Imagine the plaintive, haunting notes of "Taps" sounding over an encampment—not from a bugle at the lips of an immobile trumpeter, but from a tin horn connected with a set of electrical gadgets and gimmicks! How long would the glamour of military life survive?

The whole suggestion, really sounds as if it had been cooked up by a group of pacifists. The band and the bugler are two of the best props the army ever had. If it substitutes for them a contraption that emits music through a loud speaker the arm will rob itself of about 60 per cent of its appeal.

Oxford University will allow one woman student to four men, which is about the proper handicap if debating is to be a feature of the curriculum.

Wilcox, Thomas Thompson, O. W. Jones, William A. Ormsby, O. H. Emerick, Miss Sarah H. McManus, Acme Pipe & Supply Company, a corporation, Clarence Gilger, Paul LaLose and John A. Kennedy are defendants, said petition alleging that on January 18, 1927, plaintiffs granted and delivered to W. A. Patterson an oil and gas lease covering the North 1/2 of Section 61 and all of Sections 60, 64 and 65, in Block K-14, T. 2 P. R. Co. Surveys of lands, in Randall County, Texas, which oil and gas lease was filed for record and recorded in the deed records of Randall County, Texas; that a well was commenced under the terms of said lease; that on or about March 1, 1928, the drilling of said well was completely abandoned; that no other well was ever commenced on said land under said lease and no rentals were ever paid under the terms of said lease; that the defendants other than W. A. Patterson claim to have acquired some interest in the said lease while the same was still valid and outstanding; that all of said claims are based on the said oil and gas lease to W. A. Patterson which terminated on or about March 1, 1928; that the title of plaintiffs to their lands above described is clouded by reason of the filing of said lease and various assignments and other instruments of writing pertaining to the same, all of which have been recorded in the Deed Records of Randall County, Texas and plaintiffs are entitled to a decree removing the cloud from their title. Plaintiffs pray that defendants be cited and that on hearing they have judgment and decree adjudging said lease to be terminated and of no further force or effect and removing the cloud cast upon the title of plaintiffs to the said lands by reason of the filing and recording of said lease and the assignments and other instruments in writing affecting same and for general relief. Herein fail not, but have you before said Court on the said first day of next term thereof this writ with your return thereon, showing how you have executed the same.

Witness: Berl E. Mayfield, Clerk of the District Court of Randall County, Texas.

"I Cannot Praise This Konjola Too Strongly"

Says Wichita Lady Suffered For Twelve Years From Stomach Trouble.

MRS. DELLA SETTLE

"I cannot praise this Konjola too strongly because I tried many other medicines and treatments, but none gave the remarkable relief that Konjola did," said Mrs. Della Settle, 1719 Mildred Avenue, Wichita. "I just had to force myself to eat, and nearly everything I ate made me sick. I had cramping pains in my stomach and bowels until I could hardly endure them, and I simply felt miserable all the time. Finally I decided to put Konjola to the test. That proved to be a wise decision. Right from the start I noticed improvement. I now have a much better appetite, and meals are a pleasure as food digests without pains or misery in my stomach. My bowels are functioning as they should, and it is certainly a relief to be rid of that tired, worn-out feeling. I gladly endorse this splendid medicine that restored my health."

Konjola has become the most talked of medicine in America because it makes good. And Konjola makes good in the most stubborn cases when given a fair trial and from six to eight bottles are used.

Konjola is sold in Canyon at the Jarrett Drug Company drug store, and by all the best druggists in all towns throughout this entire section.

Gamble, John J. Mullooney, Mrs. Emma J. Alexander, S. C. Elliott, Black Sivalis & Bryson, Inc., Harry Culbertson, F. Haberlein, Julius Dua, Mrs. J. L. McLean, R. H. Watkins, W. A. Hamilton, Ross Slack, George W. Horner and wife, Mrs. George W. Horner, C. J. Hoban, M. B. Benham, Thomas F. Morrin, Mrs. Ida E. Wescott, F. J. Beck, Charles E. Manby, Mrs. Florence E. Locke, F. S. H. Clark, Harold Westall, S. D. Wilcox, Thomas Thompson, O. W. Jones, William A. Ormsby, O. H. Emerick, Miss Sarah H. McManus, Clarence Gilzer, Paul LaLoze and John A. Kennedy by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to be and appear at the next regular term of the District Court of Randall County, Texas, on the first Monday in August, A. D. 1930, the same being the 4th day of August, A. D. 1930, then and there to answer a petition filed in said court on the 31st day of May, A. D. 1930, in a suit numbered on the docket of said court No. 1343, wherein W. B. Campbell and Clyde McElroy are plaintiffs and W. A. Patterson, John H. Stover, M. S. Summers, George Breidenbaugh, N. Ernest Bailey, A. S. Godfrey, James L. Powell, Dr. Arthur J. Puls, George E. Travis, Alfred Blegberg, Edmund S. Strong, Allen Newton, David L. Hubbard, Joseph Jackson, Frank E. Gintz, F. Oscar Hoepfner, Henry B. Newton, George H. Lisle, W. A. Maddern, A. F. Stimmel, I. J. Gamble, John J. Mullooney, Mrs. Emma J. Alexander, S. C. Elliott, Black Sivalis & Bryson, Inc., Harry Culbertson, F. Haberlein, Julius Dua, Mrs. J. L. McLean, R. H. Watkins, W. A. Hamilton, Ross Slack, George W. Horner and wife, Mrs. George W. Horner, C. J. Hoban, M. B. Benham, Thomas F. Morrin, Mrs. Ida E. Wescott, F. J. Beck, Charles E. Manby, Patterson Drilling Company, a corporation, Mrs. Florence E. Locke, F. S. H. Clark, Harold Westall, S. D. Wilcox, Thomas Thompson, O. W. Jones, William A. Ormsby, O. H. Emerick, Miss Sarah H. McManus, Clarence Gilzer, Paul LaLoze and John A. Kennedy are defendants, said petition alleging that on January 18, 1927, plaintiffs granted and delivered to W. A. Patterson an oil and gas lease covering the North 1/2 of Section 61 and all of Sections 60, 64 and 65, in Block K-14, T. T. P. R. Co. Surveys of lands, in Randall County, Texas, which oil and gas lease was filed for record and recorded in the deed records of Randall County, Texas; that a well was commenced under the terms of said lease; that on or about March 1, 1928, the drilling of said well was completely abandoned; that no other well was ever commenced on said land under said lease and no rentals were ever paid under the terms of said lease; that the defendants other than W. A. Patterson claim to have acquired some interest in the said lease while the same was still valid and outstanding; that all of said claims are based on the said oil and gas lease to W. A. Patterson which terminated on or about March 1, 1928; that the title of plaintiffs to their lands above described is clouded by reason of the filing of said lease and various assignments and other instruments of writing pertaining to the same, all of which have been recorded in the Deed Records of Randall County, Texas, and plaintiffs are entitled to a decree removing the cloud from their title. Plaintiffs pray that defendants be cited and that on hearing they have judgment and decree adjudging said lease to be terminated and of no further force or effect and removing the cloud cast upon the title of plaintiffs to the said lands by reason of the filing and recording of said lease and the assignments and other instruments in writing affecting same, and for general relief.

Herein fail not, but have you before said Court on the said first day of next term thereof this writ with your return thereon, showing how you have executed the same.

Witness Berl E. Mayfield, Clerk of the District Court of Randall County, Texas.

Given under my hand and the seal of said Court in the city of Canyon, this 31st day of May, A. D. 1930.

Clerk of the District Court of Randall County, Texas. 1114

"I Cannot Praise This Konjola Too Strongly"

Says Wichita Lady Suffered For
Twelve Years From Stomach
Trouble.

MRS. DELLA SETTLE

"I cannot praise this Konjola too strongly because I tried many other medicines and treatments, but none gave the remarkable relief that Konjola did," said Mrs. Della Settle, 1719 Mildred Avenue, Wichita. "I just had to force myself to eat, and nearly everything I ate made me sick. I had cramping pains in my stomach and bowels until I could hardly endure them, and I simply felt miserable all the time."

"Finally I decided to put Konjola to the test. That proved to be a wise decision. Right from the start I noticed improvement. I now have a much better appetite, and meals are a pleasure as food digests without pains or misery in my stomach. My bowels are functioning as they should, and it is certainly a relief to be rid of that tired, worn-out feeling. I gladly endorse this splendid medicine that restored my health."

Konjola has become the most talked of medicine in America because it makes good. And Konjola makes good in the most stubborn cases when given a fair trial and from six to eight bottles are used.

Konjola is sold in Canyon at the Jarrett Drug Company drug store, and by all the best druggists in all towns throughout this entire section.

Harvesting of wheat is progressing nicely. Many new combines have been bought; already quite a number from last season have been overhauled and put in the fields. Yield is hard to estimate; in places good; some will reach 28 and 30 bushels per acre, and on down to four bushels. At present weather is ideal. Some cutting and piling on the ground on account of being so green. Much quite ripe and being marketed in Happy.

Miss Lottie Rogers of Stamford is making an extended visit with her uncle, W. H. Rogers and family. She is a sister to Carl Rogers.

Henry Long, wife and little son of Alabama reached the Plains the past week. Mrs. Long was formerly Miss Marvel McCrery of Wayside.

Mr. and Mrs. H. McNeil of Archer City visited the paternal M. L. McGhee home the past week end. George Hancock, wife and Jerry Lane, Mrs. Lita Gilham and son, all of Pampa, visited Wayside relatives Saturday night and Sunday.

John Harvey Knox, 13 months old son of Mr. and Mrs. Kenneth Knox spent three days with his grandparents, W. H. Rogers and wife, recently.

Nell Graham of Albuquerque, N. M., came to Canyon Sunday and was met by her uncle and aunt, Mr. and Mrs. J. C. Payne. She will remain through the summer. William Crow returned with his sister Mrs. Payne, from Kansas recently.

Mr. and Mrs. Shuman and daughter Opal, of Canyon visited with W. D. McGhee a few days this week. They returned home Tuesday morning.

Home Demonstration Club met with Mrs. Floyd Adams Monday afternoon. A good attendance out. One visitor, Mrs. Ben Wileman. Mrs. Fletcher Rogers of Happy put on a demonstration of crepe flowers, combined with talcum powder, which proved quite popular. A number under her direction, made lovely pieces and some others bought material for making them. Delightful refreshments were served by the hostess and her assistants. Next meeting will be with Mrs. Bessie Lane when Miss Phillips will demonstrate frozen deserts.

Mrs. Marvell Long was a welcome visitor at Home Demonstration Club Monday afternoon.

Wm. Payne and family visited Carlsbad Cavern last Saturday; now touring Southern Texas on a vacation.

Ina, Esther and Ray Stewart returned Saturday from New Mexico and Arizona where they have been the past two weeks.

Mr. and Mrs. F. J. McMahan visited Mrs. F. C. Gruner Sunday. Mr. and Mrs. C. C. Stewart and family spent Sunday at the E. M. Elliott home.

L. J. Fulton has a new combine. The men set it up Monday. Misses Oletha Roddy and Anna

Belle Gowdy visited Miss E. L. Stewart Wednesday.

EASY FOR PILGRIMS

Early Indians were not really the savages they were called in Europe. The Pilgrim Fathers were lucky when they landed at Plymouth to find land that had already been

cleared by the Indians for the raising of corn.

The captains of industry are elected to their positions by the votes of thousands, and sometimes millions of satisfied customers.

Love at first sight is apt to lead to a bit of good hindsight.

With all the controversy over the worth of straw votes it seems to be about time for a straw vote to determine their value.

19 Cows From H. R. Fulton's Herd Places on Honor Roll

An outstanding mark in the Deaf Smith-Randall County Cow Testing Association for the month of May, which marked the close of the second year of the association and the end of the association of the two counties, was the fact that 19 cows from a herd of 30 owned by H. R. Fulton placed on the honor roll of the association.

The herd which is a grade Jersey herd is among the best in the county and has attracted attention in this section. Many dairymen declare that the Fulton herd is among the best grade herds in the Panhandle.

A grade Jersey cow owned by J. W. Watson, was first in the butterfat production of the association with a test of 86.8 for the month of May.

The close of the second year brings about the end of the association known as the Deaf Smith-Randall County Cow Testing Association; the activities in Randall county to be carried on under a new organization.

The honor roll of the herds in Randall county for the month of May are announced by W. H. Dungan, tester for the association, follows:

Improvements At Tri-State Fair Will Cost \$30,000

The Amarillo Tri-State Exposition will be held this year, September 22 to 27, inclusive, in "dressed up" surroundings.

Between thirty and thirty-five thousand dollars will be spent improving and beautifying the home of the Tri-State fair before the exposition opens in September. The work is already under way.

Construction of an automobile building—the first permanent structure to be erected—will be the biggest item of cost, but will be smaller than other projects in adding to the appearance of the fair grounds. Contracts for this building was recently let on a bid of \$22,034.00.

Specifications call for a building of brick and tile, with steel framework and a concrete floor, making it fireproof. Its dimensions will be 120x150 feet, and so constructed that it may be added to when more room is needed. This building also will house the annual tractor and implement show each spring.

The two cattle barns and the hog barn are being enlarged and improved at a cost of approximately \$3,500.00.

But of greater outward attractiveness will be the repainting of all buildings, whitewashing of the race track fence, planting of trees and grassy spots, and other improvements that are under way.

Exhibits this fall will be placed in halls freshly painted white and striped with red, as they were originally painted. The old grandstand and water tower will be included in the campaign to make the park attractive. New metal signs already have been hung to mark the entrances to each building, and a new sign has been placed at the entrance gate, announcing the dates of the free fair.

Of no little interest is the new Potter County Zoo, immediately to the left of the main entrance. Although the zoo is small in comparison with others, it is a new attraction, and now contains 40 or 50 animals. This number will be greatly increased by fair time. The county has spent \$4,500 on improvements for the zoo.

One of the entertainment features will be the Beckman & Gerty shows which are the world's best and they go from here to the Dallas fair for two weeks, are the main attraction on the midway. Ernie Young's Revue in "Spanish

Nights" and Leonard Stroud's Rodeo under the management of C. A. Studor, will be given before the grandstand each day and night. Other features will be announced in the near future but the fair is facing its most successful year, in the opinion of Wilbur C. Hawk, president.

Zita P-T. A. Holds Candidate Supper

The Zita Parent-Teachers Association held a box supper at the Zita school house Saturday for the special benefit of the county and district candidates.

More than \$60.00 is said to have been realized for the benefit of the organization.

The Parent-Teacher Association in the Zita community is one of the most active in this section of the Panhandle and holds what might be termed a record. They are 100% in membership. Every family living in that community whether they have children in school or not are on the membership roll of the organization.

19 Cows From H. R. Fulton's

Herd Places on Honor Roll

An outstanding mark in the Deaf Smith-Randall County Cow Testing Association for the month of May, which marked the close of the second year of the association and the end of the association of the two counties, was the fact that 19 cows from a herd of 30 owned by H. R. Fulton placed on the honor roll of the association.

The herd which is a grade Jersey herd is among the best in the county and has attracted attention in this section. Many dairymen declare that the Fulton herd is among the best grade herds in the Panhandle.

A grade Jersey cow owned by J. W. Watson, was first in the butterfat production of the association with a test of 86.8 for the month of May. The close of the second year brings about the end of the association known as the Deaf Smith-Randall County Cow Testing Association; the activities in Randall county to be carried on under a new organization.

The honor roll of the herds in Randall county for the month of May are announced by W. H. Dungan, tester for the association, follows:

Improvements At Tri-State Fair Will Cost \$30,000

The Amarillo Tri-State Exposition will be held this year, September 22 to 27, inclusive, in "dressed up" surroundings.

Between thirty and thirty-five thousand dollars will be spent improving and beautifying the home of the Tri-State fair before the exposition opens in September. The work is already under way.

Construction of an automobile building—the first permanent structure to be erected—will be the biggest item of cost, but will be smaller than other projects in adding to the appearance of the fair grounds. Contracts for this building was recently let on a bid of \$22,034.00.

Specifications call for a building of brick and tile, with steel framework and a concrete floor, making it fireproof. Its dimensions will be 120x150 feet, and so constructed that it may be added to when more room is needed. This building also will house the annual tractor and implement show each spring.

The two cattle barns and the hog barn are being enlarged and improved at a cost of approximately \$3,500.00.

But of greater outward attractiveness will be the repainting of all buildings, whitewashing of the race track fence, planting of trees and grassy spots, and other improvements that are under way.

Exhibits this fall will be placed in halls freshly painted white and striped with red, as they were originally painted. The old grandstand and water tower will be included in the campaign to make the park attractive. New metal signs already have been hung to mark the entrances to each building, and a new sign has been placed at the entrance gate, announcing the dates of the free fair.

Of no little interest is the new Potter County Zoo, immediately to the left of the main entrance. Although the zoo is small in comparison with others, it is a new attraction, and now contains 40 or 50 animals. This number will be greatly increased by fair time. The county has spent \$4,500 on improvements for the zoo.

One of the entertainment features will be the Beckman & Gerey shows which are the world's best and they go from here to the Dallas fair for two weeks, are the main attraction on the midway. Ernie Young's Revue in "Spanish

Nights" and Leonard Stroud's Rodeo under the management of C. A. Studor, will be given before the grandstand each day and night. Other features will be announced in the near future but the fair is facing its most successful year, in the opinion of Wilbur C. Hawk, president.

Zita P-T. A. Holds Candidate Supper

The Zita Parent-Teachers Association held a box supper at the Zita school house Saturday for the special benefit of the county and district candidates.

More than \$60.00 is said to have been realized for the benefit of the organization.

The Parent-Teacher Association in the Zita community is one of the most active in this section of the Panhandle and holds what might be termed a record. They are 100% in membership. Every family living in that community whether they have children in school or not are on the membership roll of the organization.

Correct this sentence: "Yes, I really made a hole in one, but it was merely luck."

PH. D. DEGREE IS CONFERRED ON DEAN COOK

IS ONLY TEXAS MAN IN GROUP
OF NINE TO RECEIVE DOCTORATE AT PEABODY COLLEGE.

Adding another Ph. D. degree to the faculty of the West Texas State Teachers College, Dr. Harris M. Cook had his Ph. D. conferred upon him June 6, at the George Peabody College for Teachers of Nashville, Tennessee. Nine men received this degree, of which Mr. Cook was the only Texas man.

Mr. Cook's dissertation was written on the training of State Teachers College faculties. His major work was in the field of school administration; his minor in that of educational psychology. The dissertation is now in the press.

Among W. T. People whom Mr. Cook saw while he was at Peabody were Miss Mary E. Hudspeth,

who is to complete her master's degree work this summer, and Mr. and Mrs. Frank R. Phillips.

W. H. Morelock and Thelma Smith are In English Dept.

Two of the teachers who worked on last summer's faculty are again taking up work here this summer. They are Miss Thelma Smith of the Amarillo High School English faculty, and W. H. Morelock, Jr., son of President Morelock of Sul Ross State Teachers College at Alpine.

During the the regular session Miss Smith is head of the senior English department of the Amarillo high school. She holds a Master's degree from Columbia University, and a Bachelor of Arts from Texas Christian University.

Mr. Morelock, during the long session is working on a law course at the State University. He expects to finish next year. He now holds a B. A. degree from Sul Ross. Mr. Morelock has previously taught English in the Teachers College at Kingsville.

RELIEF FROM CURSE OF CONSTIPATION

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

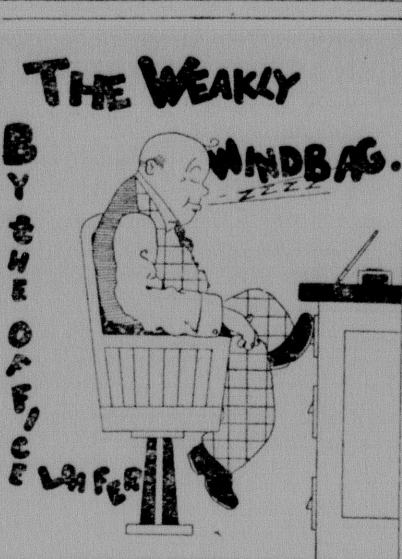

But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderly at night. Next day bright. Get 24 for 25c to-day at the nearest Rexall Drug Store. City Pharmacy.

A recent shipment of razors to Africa indicates that they are going to have a big dance over there.

Eskimos, according to explorers, rarely spank their children. But when they do, we imagine they make the fur fly.

A noted violinist dressed as a beggar played his Stradivarius in a Chicago street the other day, but few paid him any attention. That goes for all scrapes in that city.

And the flapper said, "O! I'm seventeen when I'm sunny. And I'm seventy when I'm Sad. And I'm forty when I'm Sensible; But I'm nothing when I'm mad!"

What is it a sign of when a black cat crosses in front of you the night before Friday the 13th? Now somebody please, please tell me. And what is it a sign of when two black cats cross your trail within less than a week? There's another one for you.

I was going down the street the other night, just before Friday the 13th and across the street raced a black cat, or it might have been a dark brown one, but I'd almost swear that there are no brown ones in this town, so it must have been black. Thereafter I quit traveling down Fourth avenue and what would you believe about, but Sunday night I was riding down Fifth avenue and a black cat crossed the street in front of me. Now what'll I do?

Personally I'm in favor of declaring war on black cats in town and offering a bounty as prescribed by law for the hides of such dangerous animals.

All during the day I was scared half nuts for fear that something would happen to me of a serious nature on the day of Friday the 13th, but so far I am still existing.

There came near to being a serious calamity for me Saturday eve on the "amateur" golf course, as an aftermath of the cat crossing my trail on Thursday night. I went down Saturday evening with the Madam to play a round of golf. Of course Vince Reeves had to show up and then the fireworks began. I was having an easy time in holding my score down until that long legged jinx walked up and I went to pieces. Incidentally, Mrs. Reeves is out of town for the summer and Vince is in favor of painting the town red.

But after the most nerve racking game in my humble career as a golfer and by staging a brilliant come back I emerged by two strokes under what the Madam had and that put me over.

Then too there was Golfing Gano standing around all important like, but he never came near me to accept my challenge. He's still hanging fire. And we haven't met on the course yet. And my bet is we won't for he is afraid of me. That I'm positively sure.

While I am on the subject I might say that I fear Lee Foster did the wrong thing by taking his wife down to play on the little course, for while she was down there she got bit by the biggest golf bug anywhere around, and now she declares that she's going to follow him over the course every-time he plays, anywhere he plays. Bad judgment, Lee—

And are you still giving the college kiddos a ride?

And another thing—I wonder if that candidate who wants to give all of us a cow if he is elected, is trying to bull-doze us.

Speaking of politics I promised to keep a line-up on the candidate, and now I hear that one candidate states he sure enjoyed the Zita boxsupper Saturday night, with one exception. That exception was that there were not enough boxes to suit him.

Now, folks, I ask you, who ever heard of a candidate complaining about there not being enough boxes at a box supper held especially for the candidates. Personally I think that man should have his campaign expenses looked into immediately before any more box suppers are held.

Now folks, have you seen my new Clint C. Small for governor button. It's a knockout sure. Clint's gaining all the time.

Down in Hall County there are a flock of candidates running for office and William Russell Clark, who writes a column in the Democrat, went so strong last week as to guess who would win in all the races. He said out openly that the fellow who won would be the man to get the most votes. What did you know about that?

But now in the different races who are those men that will get the most votes? That must be taken into consideration. For example, the man who runs the fastest might be the one; the man who is most capable might be the one; then the man who is the best campaigner might get the most votes; the man or woman who has the most money and friends might get elected and the man

who has the most kinkfoks may get there in the end. So you see all sides must be considered.

The young squirt in the back shop tried to start a movement to draft me for constable but being the type of man I am I flatly denied the reports that I have political aspirations.

Yours till I play a game with Golfing Gano.

SIX YEARS FOR \$500

A few days ago the Mississippi house of representatives voted an appropriation of \$500 to Moses Walker, a negro, who had served six years in the penitentiary. He had been convicted on charges of shooting into a white man's home and sentenced to life imprisonment.

On his death-bed the white man confessed that he had "framed" the negro because of a grudge, had shot the hole in his own house to substantiate the false charge, and that the negro was entirely innocent of the crime.

It is difficult to understand how anyone could deliberately swear away the liberty of an innocent person merely through spite, but in many cases not only liberty but life itself has been sworn away. That in this case the real criminal's conscience troubled him is evident. At least it began to trouble him when death stared him in the face.

The \$500 voted by the state is better than nothing, but is poor recompense for six years of unjust imprisonment. Persons wrongfully imprisoned, when such wrongful imprisonment can be conclusively

proved, should be entitled to substantial damages by law, and the severest penalties should be imposed on those who are responsible for willfully bringing about the conviction of innocent citizens, white or black.

SWINDLING THE FAT

During the feminine craze for slim figures, thousands of women are being swindled by vendors of alleged fat-reducing preparations, which have no value whatsoever.

Put up in the form of "fat-reducing chewing gum" or "fat-reducing gum drops," some of these fake fat cures are quite attractive, but several of them which have been analyzed were found to contain nothing conducive to slenderness, except a drug having a slight laxative effect.

These reducing remedies are usually accompanied by instructions to eat only about half as much food as usual, to take long walks, and be sparing in the use of bread and potatoes. Following these directions would tend to secure the desired results, of course, without the chewing gum or gum drops.

Doctors tell us that it isn't healthful for fat people to be slim, anyway. "Be yourself" is their advice.

The Bureau of Standards announces a new and rapid method of analyzing the human breath which takes only six minutes. Some wives can make a rough analysis in about two seconds.

Here's our Answer to your Question

"What Mileage will my Tire Dollars buy?"

16,000 MILES over all kinds of roads . . . and sidewalls are still amazingly smooth and free of cracks and age marks. Never were tires so age-free as Silvertowns, due to their special long-lived, long-wear tread and sidewall rubber compound.

NO SIGNS HERE of cupping or uneven wear! Silvertowns have a dense, tough tread that wears down slowly and evenly. Water-curing makes the last bit of tread rubber wear as slowly as the first, makes the tire tough clear through.

SEE THAT EDGE? Sharp and clean, even after enough service to satisfy most any tire buyer. No question here of traction or protection against skidding. That's why the Silvertown tread is admitted to be the finest tread pattern in the field.

Publicly established Mileage Records show you what Silvertowns can do on your car

LOOK at the picture above . . . study the captions just below it. See the condition of this Silvertown after 16,000 grueling miles.

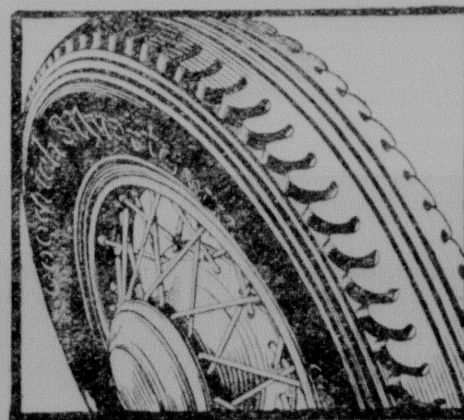

There's the answer to your question! There's the proof of what Silvertowns can do!

This Silvertown is one of the 62 that toured the country with the Silver Fleet last year. It was photographed after 16,238 punishing miles.

And look at it! Know any other tire that looks as good after that much service?

PH. D. DEGREE IS CONFERRED ON DEAN COOK

IS ONLY TEXAS MAN IN GROUP
OF NINE TO RECEIVE DOCTORATE AT PEABODY COLLEGE.

Adding another Ph. D. degree to the faculty of the West Texas State Teachers College, Dr. Harris M. Cook had his Ph. D. conferred upon him June 6, at the George Peabody College for Teachers of Nashville, Tennessee. Nine men received this degree, of which Mr. Cook was the only Texas man.

Mr. Cook's dissertation was written on the training of State Teachers College faculties. His major work was in the field of school administration; his minor in that of educational psychology. The dissertation is now in the press.

Among W. T. People whom Mr. Cook saw while he was at Peabody were Miss Mary E. Hudspeh,

who is to complete her master's degree work this summer, and Mr. and Mrs. Frank R. Phillips.

W. H. Morelock and Thelma Smith are In English Dept.

Two of the teachers who worked on last summer's faculty are again taking up work here this summer. They are Miss Thelma Smith of the Amarillo High School English faculty, and W. H. Morelock, Jr., son of President Morelock of Sul Ross State Teachers College at Alpine.

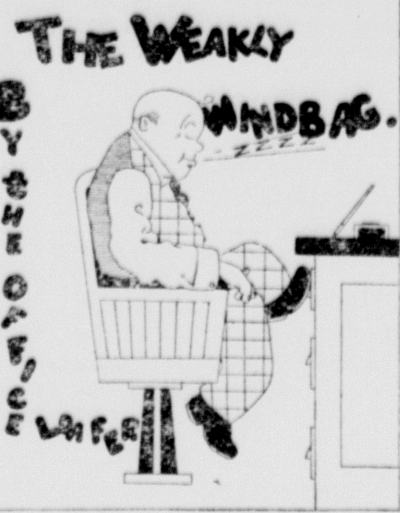

During the the regular session Miss Smith is head of the senior English department of the Amarillo high school. She holds a Master's degree from Columbia University, and a Bachelor of Arts from Texas Christian University.

Mr. Morelock, during the long session is working on a law course at the State University. He expects to finish next year. He now holds a B. A. degree from Sul Ross. Mr. Morelock has previously taught English in the Teachers College at Kingsville.

A recent shipment of razors to Africa indicates that they are going to have a big dance over there.

Eskimos, according to explorers, rarely spank their children. But when they do, we imagine they make the fur fly.

A noted violinist dressed as a beggar played his Stradivarius in a Chicago street the other day, but few paid him any attention. That goes for all scrapes in that city.

And the flapper said, "O! I'm seventeen when I'm sunny; And I'm seventy when I'm Sad. And I'm forty when I'm Sensible; But I'm nothing when I'm mad!"

What is it a sign of when a black cat crosses in front of you the night before Friday the 13th? Now somebody please, please tell me. And what is it a sign of when two black cats cross your trail within less than a week? There's another one for you.

I was going down the street the other night, just before Friday the 13th and across the street raced a black cat, or it might have been a dark brown one, but I'd almost swear that there are no brown ones in this town, so it must have been black. Thereafter I quit traveling down Fourth avenue and what would you believe about, but Sunday night I was riding down Fifth avenue and a black cat crossed the street in front of me. Now what'll I do?

Personally I'm in favor of declaring war on black cats in town and offering a bounty as prescribed by law for the hides of such dangerous animals.

All during the day I was scared half nuts for fear that something would happen to me of a serious nature on the day of Friday the 13th, but so far I am still existing.

There came near to being a serious calamity for me Saturday eve on the "amateur" golf course, as an aftermath of the cat crossing my trail on Thursday night. I went down Saturday evening with the Madam to play a round of golf. Of course Vince Reeves had to show up and then the fireworks began. I was having an easy time in holding my score down until that long legged jinx walked up and I went to pieces. Incidentally, Mrs. Reeves is out of town for the summer and Vince is in favor of painting the town red.

But after the most nerve racking game in my humble career as a golfer and by staging a brilliant come back I emerged by two strokes under what the Madam had and that put me over.

Then too there was Gollin' Gano standing around all important like, but he never came near me to accept my challenge. He's still hanging fire. And we haven't met on the course yet. And my bet is we won't for he is afraid of me. That I'm positively sure.

While I am on the subject I might say that I fear Lee Foster did the wrong thing by taking his wife down to play on the little course, for while she was down there she got bit by the biggest golf bug anywhere around, and now she declares that she's going to follow him over the course every-time he plays, anywhere he plays. Bad judgment, Lee—

And are you still giving the college kiddos a ride?

And another thing—I wonder if that candidate who wants to give all of us a cow if he is elected, is trying to bull-doze us.

Speaking of politics I promised to keep a line-up on the candidate, and now I hear that one candidate states he sure enjoyed the Zita boxsupper Saturday night, with one exception. That exception was that there were not enough boxes to suit him.

Now, folks, I ask you, who ever heard of a candidate complaining about there not being enough boxes at a box supper held especially for the candidates. Personally I think that man should have his campaign expenses looked into immediately before any more box suppers are held.

Now folks, have you seen my new Clint C. Small for governor button. It's a knockout sure. Clint's gaining all the time.

Down in Hall County there are a flock of candidates running for office and William Russell Clark, who writes a column in the Democrat, went so strong last week as to guess who would win in all the races. He said out openly that the fellow who won would be the man to get the most votes. What did you know about that?

But now in the different races who are those men that will get the most votes? That must be taken into consideration. For example, the man who runs the fastest might be the one; the man who is most capable might be the one; then the man who is the best campaigner might get the most votes; the man or woman who has the most money and friends might get elected and the man

who has the most kinkfoks may get there in the end. So you see all sides must be considered.

The young squirt in the back shop tried to start a movement to draft me for constable but being the type of man I am I flatly denied the reports that I have political aspirations.

Yours till I play a game with Gollin' Gano.

SIX YEARS FOR \$500

A few days ago the Mississippi house of representatives voted an appropriation of \$500 to Moses Walker, a negro, who had served six years in the penitentiary. He had been convicted on charges of shooting into a white man's home and sentenced to life imprisonment.

On his death-bed the white man confessed that he had "framed" the negro because of a grudge, had shot the hole in his own house to substantiate the false charge, and that the negro was entirely innocent of the crime.

It is difficult to understand how anyone could deliberately swear away the liberty of an innocent person merely through spite, but in many cases not only liberty but life itself has been sworn away. That in this case the real criminal's conscience troubled him is evident. At least it began to trouble him when death stared him in the face.

The \$500 voted by the state is better than nothing, but is poor recompense for six years of unjust imprisonment. Persons wrongfully imprisoned, when such wrongful imprisonment can be conclusively

proved, should be entitled to substantial damages by law, and the severest penalties should be imposed on those who are responsible for willfully bringing about the conviction of innocent citizens, white or black.

SWINDLING THE FAT

During the feminine craze for slim figures, thousands of women are being swindled by vendors of alleged fat-reducing preparations, which have no value whatsoever.

Put up in the form of "fat-reducing chewing gum" or "fat reducing gum drops," some of these fake fat cures are quite attractive, but several of them which have been analyzed were found to contain nothing conducive to slenderness, except a drug having a slight laxative effect.

These reducing remedies are usually accompanied by instructions to eat only about half as much food as usual, to take long walks, and be sparing in the use of bread and potatoes. Following these directions would tend to secure the desired results, of course, without the chewing gum or gum drops.

Doctors tell us that it isn't healthful for fat people to be slim, anyway. "Be yourself" is their advice.

The Bureau of Standards announces a new and rapid method of analyzing the human breath which takes only six minutes. Some wives can make a rough analysis in about two seconds.

When a person uses an unusual word frequently, it is a good indication that it is a recent acquisition.

The Rainbow's End is within Your reach

DID you ever feel so desperate you wanted to jump out of a window? That's the wrong end of the rainbow.

Ill health is a burden on body, mind and friends. But Nature never fails to signal her dangers. Lack of appetite, flabby flesh, loss of strength and skin troubles is a warning from Nature. This is her way of pleading for help.

If you desire firm flesh, a glowing complexion, energy, vitality and the blessings of health you must keep your blood in good condition.

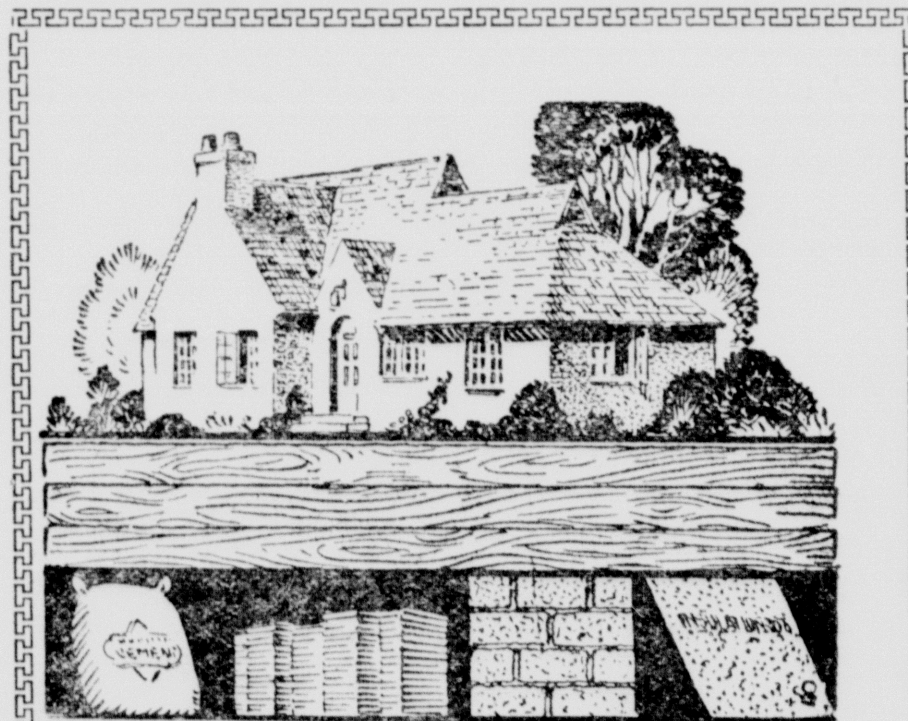

S.S.S. has been a blessing to millions of people who have taken advantage of its wonderful medicinal properties. It gives to Nature what it needs to build you up so that your system may throw off the cause.

All good drug stores sell S.S.S. in two sizes. Ask for the larger size. It is more economical.

Here's our Answer to your Question

"What
Mileage
will my
Tire Dollars
buy?"

16,000 MILES over all kinds of roads . . . and sidewalls are still amazingly smooth and free of cracks and age marks. Never wears tires so age-free as Silvertowns, due to their special, long-lived, long-wear tread and sidewall rubber compound.

NO SIGNS HERE of cupping or uneven wear! Silvertowns have a dense, tough tread that wears down slowly and evenly. Water-curing makes the last bit of tread rubber wear as slowly as the first, makes the tire tough clear through.

SEE THAT EDGE? Sharp and clean, even after enough service to satisfy most any tire buyer. No question here of traction or protection against skidding. That's why the Silvertown tread is admitted to be the finest tread pattern in the field.

Publicly established Mileage Records show you

J. L. Duflo, Mr. and Mrs. F. E. Savage, Mr. and Mrs. C. A. Plerle, Mrs. Henrietta Scott, Miss Edna Graham, Miss Esther Rudolph, Miss Marie Fronabarger, Harris M. Cook, C. A. Murray, and Mr. Parsons.

W. T. SUMMER STUDENTS RECEIVED BY FACULTY

Summer students in the college were formally received by the faculty Saturday evening from the hours of 8:30 to 10:00 o'clock at Cousins Hall. Some four hundred students were present.

Colorful calendars profusely decorated the receiving rooms of the hall.

The administrative officers and heads of the departments formed the receiving line in the reception room. The remainder of the faculty were at the door and in the dining room where iced punch was served the guests.

The college orchestra under the direction of Wallace R. Clark furnished music throughout the evening.

BIRTHDAY PARTY GIVEN FOR YOUNG FOLKS.

Ruby Foster celebrated her birthday June 18th by taking some little friends to the Gordon-Cummings park.

The following children were the guests: Claudia Faye Teal, Virginia Murray, Helen Elizabeth Bowman, Beulah Brasuel, Arnetta Kirkpatrick, Annie Lee and Dannie Mac Gillham, Donnell Foster and Ruby Foster. Mr. and Mrs. Mack Gillham took the group.

GIRL SCOUTS TO MEET WEDNESDAY

Down town members of the Girl Scouts will have a meeting at the scout room Wednesday, June 25. This is an important meeting since a new leader is to be elected and all members are urged to be present.

MR. AND MRS. FOSTER HOSTS TO FRIENDS THURSDAY

Mr. and Mrs. Lee Foster entertained with a small dinner party Thursday evening, at their home. A delectable repast was served to Mr. and Mrs. K. E. Prieze and Dr. and Mrs. George Ingham.

AGRICULTURIST TELLS ABOUT WHEAT

John Knight, well known "agriculturist," about town, reports that the summer fallowed wheat grown by H. H. Gillham on his farm south of town, averaged 17 bushels per acre and tested 62 pounds. It brought 74 cents per bushel and was shipped from the Neff Elevator yesterday.

BOOKKEEPER ARRIVES

Miss Winnie Davis of Dallas arrived last week to assume her duties as bookkeeper at the Felix Neff elevator. Miss Davis is experienced in the grain business and is well qualified to take her place here.

S. H. Jones received word yesterday of the death of a sister, Mrs. Lou Johnson, at Hampshire, Tennessee. Mrs. Johnson is the first member of a family of nine children to die. She was 52 at the time of her death.

Mr. and Mrs. Felix Pierce, and daughter Fannie Alice, Mr. and Mrs. Ed LeGendre of Soncota, Arizona, and Mrs. L. A. Pierce spent Sunday in Borger.

Mrs. G. B. Moss of White Deer visited her niece, Emil Brewer, Monday and attended to business interests in Canyon. Mrs. Moss is a former resident of this city.

Mary and Elizabeth McCaslin returned home Saturday after a several days visit in the home of relatives, Mr. and Mrs. L. Noble, of Clarendon.

Mrs. John Bishop of Spearman, has returned to her home after a several days visit with her parents, Mr. and Mrs. S. H. Jones.
